

South Cove Manor at Quincy Point Rehabilitation Center

COVID-19 Update

Dear Family and Friends of South Cove Manor:

I am certain that all of you reading this letter have seen and heard about the prolific increase in COVID cases across the country. Here at South Cove, we continue to do what we know works – solid clinical practices, and adherence to our Infection Control protocols that have kept all of our residents and staff throughout this pandemic.

Along those lines, I am writing today to ask for your help. While 99.9% of our resident population is fully vaccinated, we currently have about 20% of our residents that have not received booster doses as of the writing of this letter.

All data points to a dramatic increase in protection from the virus for those that have received a booster dose. While admittedly there are breakthrough cases even in the boosted population, those rare occurrences are typically mild, and result in faster recovery from symptoms.

We currently have access to Moderna booster doses only. The CDC and all other governing bodies have approved Moderna to be administered as a booster dose to any one that is fully vaccinated, regardless of what vaccine was administered for the initial two doses.

Over the next several days, our staff will be reaching out to those residents and families of residents that have not yet received a booster dose, asking for your

consent to administer a third shot. Booster doses for all is the next step in keeping South Cove Manor the safest place for all of our residents and staff. I am asking all of you to strongly consider acceptance of the booster dose as soon as possible. In doing so, you will help South Cove continue to be one of the leading health care organizations in the country in the battle against this virus.

Please let Li Chen, or I know if you have any questions, and thank you again for placing your trust in South Cove Manor.

Sincerely,
William J. Graves
President & CEO

COVID-19更新

亲爱的中華頤養院的家人和朋友：

我相信閱讀這封信的所有人都看到並聽說過全國 COVID 病例的大量增加。在中華頤養院，我們繼續做我們知道有效的東西——紮實的臨床實踐，並遵守我們的感染控制協議，這些協議使我們的所有居民和員工在整個大流行期間都得以保持安全。

沿著這些思路，我今天寫信是為了尋求你的幫助。雖然我們 99.9% 的常住人口已完全接種疫苗，但截至撰寫本信函時，我們目前約有 20% 的常住人口未接種疫苗加強劑。

所有數據都表明，接受加強劑量的人對病毒的保護作用顯著提高。雖然即使在增加的人群中也有出現過陽性病例，但這些罕見的事件通常是輕微的，並且可以更快地從症狀中恢復。

我們目前藥房只有Moderna 的加強劑量。CDC 和所有其他管理機構已批准 Moderna 作為加強劑量給予任何完全接種疫苗的人，無論最初的兩劑疫苗接種的是哪種疫苗。

在接下來的幾天裡，我們的工作人員將與尚未接受加強劑量的居民和居民家屬聯繫，徵求您的同意進行第三針疫苗的注射。為所有人注射加強劑是讓 中華頤養院成為我們所有居民和員工最安全的地方的下一步。我希望你們所有人盡快考慮接受加強劑量。這樣做，您將幫助我們繼續成為美國抗擊新冠肺炎病毒的最領先醫療保健組織之一。

有什麼問題請讓陳力，或者我知道，再次感謝您對中華頤養院的信任。

真摯地，
威廉·J·格雷夫斯
總裁兼首席執行官
